

February 7, 2021

Good Afternoon Everyone,

This is an official update on our current status.

Yesterday we started receiving results back from Friday's testing of residents. We learned that 2 additional residents have tested positive for COVID (not all results are in at this time). There was one resident on the 2<sup>nd</sup> floor and one on the 4<sup>th</sup> floor; both have been moved to the annex/COVID unit. Family members have been notified.

We continue to be in "outbreak" status; Phase 0. We will stay in Phase 0 until we have 14 days with no positive cases starting with yesterday's positive results.

**The following is in place:**

- All positive cases are in the COVID annex section (2<sup>nd</sup> floor).
- We will continue to check for symptoms on all residents three times a day.
- All residents are on precautions: no group activities; no dining in groups, and **no visitation** except for compassionate visits.
- All staff continues to be screened before entering the facility.
- Staff are in full PPE (personal protective equipment) on all floors.
- We continue to test all staff twice a week.
- We are closed to new admissions.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator  
Mt. Carmel Rehabilitation and Nursing Center
