

February 14, 2021

Good Afternoon Everyone,

This is an official update on our current status.

Yesterday, through the results from Friday's resident testing, we learned that a resident on our 2nd floor tested positive; they have been moved to our COVID unit and family members have been notified.

This will be reported to all required agencies, and we continue to be in "outbreak" status; Phase 0. We will stay in Phase 0 until we have 14 days with no positive cases starting with yesterday's positive results.

Tomorrow we will be testing all staff using the PCR test; let's hope for no new positives.

The following is in place:

- All positive cases are in the COVID annex section (2nd floor).
- We will continue to check for symptoms on all residents three times a day.
- All residents are on precautions: no group activities; no dining in groups, and **no visitation** except for compassionate visits.
- All staff continues to be screened before entering the facility.
- Staff are in full PPE (personal protective equipment) on all floors.
- We continue to test all staff twice a week.
- We are closed to new admissions.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
