Hi Everyone,

We received our second set of testing back and still no positive cases. The Manchester Health Department has allowed us to open up to visitation. We will be completing a third round of testing today to ensure we are fully cleared.

My understanding from Barbara (activities), is that visitation will pick up from the visits already schedule from our online scheduling system starting today; you will be notified. I would also suggest that you call our receptionist to see if there are additional open time slots for visits. You will be required to wear a mask and eye protection during your visit.

Thank you for your understanding during this time.

Joe Bohunicky, NHA, MBA, Administrator
