January 5, 2022

Hello Everyone,

We have had some staff test positive so far this week (we are testing residents and staff Mon-Thur. this week).

<b>Position</b>	<b>Last Worked</b>	<b>Floor</b>
LNA	12/28	2
Nurse	3/31	2
Agency Nurse	1/3	4
Agency Nurse	1/5	3

These positive cases originated outside of the facility. All are out on quarantine. All had full PPE on (N95 and surgical masks and eye protection), which substantially reduces the chance of infecting anyone. Staff can now return to work on day 8 with a negative test.

We will continue to do facility wide testing on Tuesday's and Wednesday's, to include all residents and all staff.

**The following interventions are in place:**

- All other staff are wearing a surgical mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We screen all staff, visitors, vendors, and other healthcare providers upon entering the building.
- We are testing following outbreak guidelines which is once weekly of all staff and residents.

Sincerely,  
Joe Bohunicky, NHA, MBA, Administrator
