

January 7, 2022

Hello Everyone,

Just sending a weekly recap of what's going on here at MTC. This is a complete list of those that have tested positive this week. We continue to wait on more results to be returned from the state lab (probably won't get until Monday).

Position	Last Worked	Floor
LNA	12/28	2
Nurse	12/31	2
Agency Nurse	1/3	4
Agency Nurse	1/5	4
LNA	1/5	4
LNA	1/5	3
Housekeeping	1/5	3

As reported to you on Wednesday and Thursday; these positive cases originated outside of the facility and all are out on quarantine. While working, all had full PPE on (N95 and surgical masks and eye protection), which substantially reduces the chance of infecting anyone. Staff are able to return to work on day 8 with a negative test. All residents continue to stay well 😊

We will continue to do facility wide testing on Tuesday's and Wednesday's, to include all residents and all staff. This will continue until we go two weeks with no positive cases.

The following interventions continue to be in place:

- All other staff are wearing a surgical mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We screen all staff, visitors, vendors, and other healthcare providers upon entering the building.
- We are testing following outbreak guidelines which is once weekly of all staff and residents.

Sincerely,
Joe Bohunicky, NHA, MBA, Administrator
Mt. Carmel Rehabilitation and Nursing Center
