January 15, 2022

Hello Everyone,

We have had 2 additional staff test positive as of yesterday.

| Position | Last Worked | Floor |
|-----------------|--------------------|--------------|
| LNA | 1/17 | 3 |
| Dietary | 1/17 | - |

Both are out on quarantine. The LNA had full PPE on (N95 and surgical masks and eye protection), which substantially reduces the chance of infecting anyone. Kitchen staff are wearing N95 at all times and eye protection when delivering food to the floors. Staff can now return to work on day 8 with a negative test.

We have tested residents and staff Mon-today this week.

The following interventions are in place:

- Residents are quarantined on the 3rd floor per City Health Department Guidance.
- All staff on the 3rd floor is now wearing a surgical gown/mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All other staff are wearing a surgical mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We screen all staff, visitors, vendors, and other healthcare providers upon entering the building.
- We are testing following the outbreak guidelines which is once weekly of all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.

Sincerely,
Joe Bohunicky, NHA, MBA, Administrator
