

January 21, 2022

Hello Everyone,

Just sending a weekly recap of what's going on here at MTC. This is a complete list of those that have tested positive this week. All test results for the week have been received. We will be doing PCR testing Sunday through Wednesday next week to include all residents and all staff. This will continue until we go two weeks with no positive cases.

Residents:

5 on 3rd floor

1 on 4th floor

Position	Last Worked	Floor
LPN	1/10	-
LNA	1/17	3
LNA	1/18	2
Dietary	1/17	-
Agency LNA	1/18	3

Some of the staff testing positive are cases originating outside of the facility. All positive staff are out on quarantine. While working, all had full PPE on (N95 and surgical masks and eye protection), which substantially reduces the chance of infecting anyone. All residents, although positive, continue to stay well 😊

The following interventions are in place:

- Residents are quarantined on the 3rd floor per City Health Department Guidance.
- All residents are wearing and being reminded to wear a mask when out of their room, **when with a visitor**, and during care, (difficult on 3rd floor).
- All staff on the 3rd floor is now wearing a surgical gown/mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All other staff are wearing a surgical mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We screen all staff, visitors, vendors, and other healthcare providers upon entering the building.

- We are testing following the outbreak guidelines which is once weekly of all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.

Sincerely,
Joe Bohunicky, NHA, MBA, Administrator
