

January 28, 2022

Hello Everyone,

We had an LNA test positive today however, she has not been in the facility since 1/17 and contracted COVID from the outside.

We PCR tested residents and staff this week Sun-today and test as needed by an inhouse antigen test.

**The following interventions continue to be in place:**

- Residents are quarantined on the 3<sup>rd</sup> floor per City Health Department Guidance.
- All residents are wearing and being reminded to wear a mask when out of their room, **when with a visitor**, and during care, (difficult on 3<sup>rd</sup> floor).
- All staff on the 3<sup>rd</sup> floor is now wearing a surgical gown/mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All other staff are wearing a surgical mask, an N95 and eye protection at all times and in all resident/patient care areas.
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We screen all staff, visitors, vendors, and other healthcare providers upon entering the building.
- We are testing following the outbreak guidelines which is once weekly of all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
