October 19, 2022

Hello Everyone,

We learned yesterday that a resident on the 2nd floor has tested positive; the 2nd floor resident has been put into isolation on the annex.

Due to this positive case, we will remain in an outbreak status for another two weeks.

The good news is, by tomorrow we will be down to one resident on the 2nd floor and no positive staff 😊

The following interventions continue to be in place:

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- We are currently keeping each resident floor separated from one another.
- Residents (non-COVID positive), on all floors can be out and about with a mask.
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3rd floor).
- **All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.**
- **We are currently testing weekly all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.**
- We screen all staff, visitors, vendors upon entering the building.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
Mt. Carmel Rehabilitation and Nursing Center
