

October 21, 2022

We learned yesterday that a volunteer has tested positive; she was last in the building on 10/17.

235 Myrtle Street, Manchester, NH 03104

Due to this positive case, we will remain in an outbreak status for another two weeks.

The good news is we are down to one resident on the 2nd floor and no staff 😊

The following interventions continue to be in place:

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- We are currently keeping each resident floor separated from one another.
- Residents (non-COVID positive), on all floors can be out and about with a mask.
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3rd floor).
- **All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.**
- **We are currently testing weekly all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.**
- We screen all staff, visitors, vendors upon entering the building.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
Mt. Carmel Rehabilitation and Nursing Center
