mtcarmelrehabcenter.org

We learned yesterday that a resident on the 2<sup>nd</sup> floor tested positive and today a second resident on 2<sup>nd</sup> tested positive. Both have been put into isolation on the Annex.

We also had a dietary staff member test positive today (at home), they last worked on Friday 10/21.

Due to this positive case, we will remain in an outbreak status for another two weeks.

**The following interventions continue to be in place:**

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- We are currently keeping each resident floor separated from one another.
- Residents (non-COVID positive), on all floors can be out and about with a mask.
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3<sup>rd</sup> floor).
- **All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.**
- **We are currently testing weekly all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.**
- We screen all staff, visitors, vendors upon entering the building.

Sincerely,  
Joe Bohunicky, NHA, MBA, Administrator  
Mt. Carmel Rehabilitation and Nursing Center
