

November 25, 2022

Just wanted you to know that we have not had any new cases since the 13th.

235 Myrtle Street, Manchester, NH 03104

mtcarmelrehabcenter.org

We have reached out to the city health department and with their ok we will be out of outbreak status on the 28th. If ok'd will no longer wear eye protection or test staff weekly.

The following interventions continue to be in place:

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- Residents on all floors can be out and about with a mask.
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3rd floor).
- **All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.**
- **We are currently testing weekly all staff and residents. We are also doing an antigen test as needed for staff and residents if anything is suspected.**
- We screen all staff, visitors, vendors upon entering the building.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
Mt. Carmel Rehabilitation and Nursing Center
