Hello Everyone,

We had an LNA staff member test positive yesterday; they last worked yesterday on 2<sup>nd</sup> floor. We also had a rehab staff member test positive today; they were on all floors treating before they knew of their test results.

As mentioned last week, we currently have 6 residents on the 4<sup>th</sup> floor that are positive.

We are now considering ourselves in an "Outbreak" status. We will be testing all staff and residents on the 4<sup>th</sup> floor 2x's times per week. We will also look to be doing some testing on all floors until we feel that no other staff or residents have been affected.

**The following interventions continue to be in place:**

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3<sup>rd</sup> floor).
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We are also doing an antigen test as needed for staff and residents if anything is suspected.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator  
Mt. Carmel Rehabilitation and Nursing Center
