Hello Everyone,

During our routine testing today, 2/4/23, we found one resident on the fourth floor to be positive for Covid. All of the other residents were negative. The person on fourth floor was recently in the hospital and is now on isolation precautions for a minimum of 10 days based on CDC protocols. We will be continuing to test all residents and staff at least once weekly.

**The following interventions continue to be in place:**

- Staff on all floors are wearing a medical mask and eye protection at all times in all resident/patient care areas (full PPE for any resident(s) in isolation, N95, eye protection, gowns, gloves).
- All residents are wearing and being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3<sup>rd</sup> floor).
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We are also doing an antigen test as needed for staff and residents if anything is suspected.
- We are currently testing weekly all staff and residents.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator  
Mt. Carmel Rehabilitation and Nursing Center
