Hello Everyone,

Just wanted to let you know that we had a therapist test positive yesterday, they last worked on Monday throughout the building.

This keeps us in outbreak status for another two weeks so we will be testing all staff and residents.

**The following interventions are currently in place:**

- Staff on all floors are wearing a medical mask at all times and eye protection (depending on the severity level in the county), in all resident/patient care areas.
- Staff on all floors are wearing full PPE for any resident(s) in isolation, (N95, eye protection, gowns, gloves), (none at this time).
- All residents are being reminded to wear a mask when out of their room, when with a visitor, and during care, (difficult on 3<sup>rd</sup> floor).
- All residents are assessed for signs and symptoms of Covid-19, 2 times a day and if there is a noticeable change in their condition.
- We are also doing an antigen test as needed for staff and residents if anything is suspected.

Sincerely,

Joe Bohunicky, NHA, MBA, Administrator
